Unusually Heavy Yield in Grand Prairie and Peace River District

IN SOME PARTS ALL GRAIN IS OUT

Farmers Are Going About Wearing Broad Slides These Days

Crop reports received by the Bulletin from the Peace River and Grand Prairie districts are most encouraging. In the Peace River country the yield for the present year will be largely in excess of that which has ever before been harvested. The grain summer has been unusually wet, but despite this fact all grains are very well advanced, and the farmers in many parts of the district are engaged in cutting their crops. Up to the present no frosts have been reported, and prospects generally are very bright.

The crops on Grand Prairie promise of unusual height. Wheat, oats and barley are exceptionally well advanced, while rye, timothy and alfalfa, though not quite so forward, are all in good condition, and fall wheat is regarded by farmers as promising well. Vegetables of all kinds are doing very well, and early summer crops are coming in abundantly.

In some portions of Grand Prairie where the season has been somewhat earlier than in others, all grain has been cut. On the whole this season is a little later than last, but the yield for the present year promises to be much heavier than in any previous season.

Accepted \$100 Confederate Bill, and Gave Good Hard Cash in Exchange

The old game of passing confederate money was pulled off on the north side of a few days ago. A prosperous-looking gentleman made arrangements with a woman to take her to a room for an indefinite period, offering to pay one week in advance. Some confederate bills were presented with the statement that it was the money the party received for the room. The woman took the bill, giving \$15 in \$5 bills in exchange. Needless to say the roomer has been paid since. The men are well dressed and of English descent. The game is of very ancient origin, but seemed to work well in this instance all the same.

Ill Treatment of Drunken Men by Hotel Special Constables is Alleged

Commissioners Approve of Suggestion by Chief Carpenter Hinting Use of City Uniform by Provincial or Special Constables in Edmonton

Chief of Police Carpenter is protesting against the custom now in vogue in the city police constables employed by hotels and restaurants to wear uniforms similar to those used by the men of the regular city force. In a letter to the city commissioners he asks that some action be taken to stop this practice, as he believes that some of the actions of these special constables are not worthy of the best traditions of a properly conducted police force, and the public mind is being misled by the similarity of uniforms.

"I frequently have complaint of the actions of these special constables," he writes, "and I would recommend that a bylaw be passed prohibiting the use of uniforms similar to the city police uniform by any provincial or special constable within this district."

The suggestion of the chief of police has been approved by the city commissioners, and the bylaw will be drawn up by the city engineer, and will be a bylaw which will be submitted to the council for the approval of that body.

ALL OF WEST REPORTS VERY HEAVY CROPS

Rains Have Had the Effect of Merely Retarding Operations

TEMPERATURES ARE WELL MAINTAINED

No Signs of Frost in Any Locality That Has Reported Thus Far

By Bulletin Leased Wire. Winnipeg, Sept. 5.—The recent rains in the Canadian prairie have had little effect on the 1913 crop, according to advice received from correspondents of the Western Associated Press at my principal points in the province. Harvesting operations are nearing completion, and the rain, falling on the stalked wheat, dried off as the grain dried out, so that threshing will be taken up just as soon as it would have been under ordinary circumstances. Some rain fell in Manitoba, and a little in Saskatchewan today, but the fall was very sparsely, and the harvesting of the grain will not be materially retarded at midnight about a good level maintained, with no signs of frost and few clouded skies.

Little Rain, That Is All

Price Albert, Sept. 5.—Heavy rain has not started here yet. Heavy green oats have lodged, but beyond that the grain will not suffer from the rain.

Spindly Yields at Moose Jaw

Moose Jaw, Sept. 5.—Recent rain delayed cutting and threshing, but since the rain the weather has been most favorable, drying out the crops. No special harm has been done other than the delay. With this weather for the balance of the week cutting will be practically completed by Saturday. Prospects near all of the crop in this district are good, with few exceptions.

Early All Out at Brandon

Brandon, Sept. 5.—Heavy rain fell on six o'clock this morning well up in the afternoon. It will delay harvesting operations until Saturday. Prospects near all of the crop in this district are good, with few exceptions.

Rigorous Reforms Advocated at Meeting of the American Bar Association in Montreal—Say Prisons Now Are Merely Manufactories of Criminals

By Bulletin Leased Wire. Montreal, Sept. 5.—Scientific study of crime, with rational procedure in criminal trials, was the subject for discussion before the American Institute of Criminal Law and Criminology here today in connection with the meeting of the American Bar Association. Mr. Justice Carter, of the supreme court of Illinois, presided and the address which he delivered, together with one by Mr. Merrifield Keary, of Massachusetts, set forth clearly the aims and methods of the institute. Among the points brought out by the speakers were the absurdity attending legal processes and language; the fact that a great deal of crime should be nipped in the bud and could be prevented by better police organization, backed up by healthy public opinion; also the necessity of treating prisoners with the greatest leniency rather than from the punitive standpoint.

Allying to the cause of law breakers, Judge Carter said: "Quite as important as changes in the law are changes in the case, and treatment of prisoners after they are convicted and sentenced to some institution for punishment. By the institution of the juvenile court, and the parole system, much crime has been done in the right direction."

"We are aware that in every locality many criminals, leaders of vice and weakness of men and women and whose names are not mentioned in the list of offenders, are maintained in defiance of law," said Merrifield Keary.

Would Punish Landlords.

"Why not punish the landlords who reap an income from vice, and through them drive the wretches who are engaged in criminal operations away from the city? I am a public prosecutor and an efficient police force this would not be difficult, and many a tragedy and ruined life would be prevented. What we need is a public opinion which is not tolerant of vice, more to its horrible effects on the young and weak, which would have been inevitable."

\$25,000 FIRE AT INNISFAIR

Man Dropped Match in Manger—Methodist Church Among Ruined Buildings

By Bulletin Leased Wire. Innisfail, Alta., Sept. 3.—When Timothy Jones, a horse wrangler, lighted his pipe this afternoon, he dropped the match in the manger of the Twain Livery barn, and two hours later, \$25,000 worth of property was destroyed. The fire, which started in the manger, spread to the barn, and then to the Methodist church, which was also destroyed. The loss was estimated to be about \$25,000.

Ottawa, Sept. 5.—Work has now started on the shops and round house to be built by the C.N.R. at Hilda Junction. The completion of the Toronto harbor improvement works by some apparently bottomless sinkhole at one point on the right of way. Thousands of cubic yards of sand, gravel, old stumps and nearly everything have been dumped into the sinkhole, only to sink out of sight. It is announced that the line will be in operation by October 15.

Used to Swift British Legal Procedure, Thaw Crumpled Up As He Heard Fate Pronounced

Immigration Authorities Will Hold Special Court Today, and Thaw May Be Back in Mattawan Asylum Before Many Hours Have Elapsed

By Bulletin Leased Wire. Coaticook, Que., Sept. 5.—Harry Kendall Thaw, tried out of the Sherbrooke Jail on a writ of habeas corpus, obtained by a coup of William Francis Jerome, enjoyed three minutes of liberty this afternoon, and was then seized by the Dominion immigration authorities and hustled by automobile to the little town, where, to be held in the immigration detention room over the G.T.R. station.

Thaw's morning a special board of inquiry will sit in his case, and by night he may be thrown across the Atlantic as an undesirable alien. His lawyers have planned no procedure to resist extradition to New York, and the belief was current tonight that he might have been sent to the Mattawan Asylum for the Criminal Insane, from which he escaped on Sunday, August 17.

Last Case Suddenly.

The beginning of the end of Thaw's refuge in Canada came with dramatic suddenness. He was seized by immigration officers last Saturday at the direction of Jerome, who said he had been ordered by the police of this province, as a precaution, to be taken to the Mattawan Asylum for the Criminal Insane, from which he escaped on Sunday, August 17.

CUPID'S COURT

SHIRLEY-TROWER

Trinity church, Toronto, was the scene of a pretty wedding on August 20 when Edith, eldest daughter of Mr. and Mrs. Robert W. Trower, of Kinc, was married to George H. Shirley of Edmonton, the eldest son of the late Edith Shirley. The ceremony was officiated by Rev. H. Hedges of Cleveland, England. The Canon C. C. Dixon conducted the ceremony.

The bride, who was given away by her uncle, Mr. George Trower, was a young girl with wavy hair and a crown of white satin veiled with lace and chiffon and trimmed with red lace and orange blossoms. She wore a Brussels net veil crowned with a wreath of orange blossoms. Margaret Ferriman, cousin of the bride, acted as bridesmaid, wearing a red silk gown trimmed with pale pink and gold with hat to match. The groom wore a tuxedo with a white shirt and a white bow tie. The ceremony was held at 11 o'clock and the bride and groom were married by Rev. H. Hedges, cousin of the bride. After the ceremony breakfast was served.

STILL ANOTHER COMMISSION

Minister of Public Works to Turn Over George Bay Canal Project to Commission.

Ottawa, Ont., Sept. 3.—The appointment of a commission to consider the practicability of Georgian Bay canal project will take up with the minister of public works. Heretofore the investigations have had reference to the engineering features of the work and the estimate of the cost. When the commission is set on foot, the economic aspect of the project and its probability of success will be considered.

Minister James A. Macdonald, in Toronto, Sept. 3.—For an interview in the local press in which he severely criticized the action of the House of Commons' report of revision of the estimates, the commission demanded the resignation of Mr. James A. Macdonald. The resignation, however, after a heated discussion, was held over for a week.

London, Sept. 3.—Despatches from Berlin indicate that Lord Haldane's address before the International War Association, at Montreal, has been received there with entirely unfavorable spirit. The German press seems under the impression that Haldane's address was a political attack on Germany. Several journals describe his remarks as a "very bad" and "sententious" British government for American and Canadian readers.

BRITISH PUBLIC AFFAIRS

MINISTER OF PUBLIC AFFAIRS TO THE APPEAL

Principally Beggars, Who are Behind Appeal for \$500,000 For Sport, Much Charged.

LET US LOSE THE POTS, SAYS THE BYSTANDER

Enormously Rich Duke of Westminster Cries Sorry Figure as Public Men

London, Sept. 3.—Greatly to the chagrin of the Duke of Westminster, Lord Rochford and his followers, the remaining "principle" of the appeal for half a million dollars, the British Olympic games in 1916 has failed hopelessly. Less than \$100,000 has been raised, and the British Olympic committee, the public support is not so great as was expected.
